What we are today is a result of the blood and sweat we have invested in our past. we are extremely proud of the fact that today essence is a synonym for ultra fine high quality products. Be it our most advanced technology.

Our flexible ways of working, professionalism or our ability to build trust amongst our channel partners and customers, all have contributed to what essence is today.

GEAR

The year 2019 sees the founding of Eternal Gear. It is situated in Morbi, Gujarat, the home of Indian ceramics. Being the epicenter of entrepreneurial activity, it has been seeing constant expansion since its beginnings. Mostly our products are Worm Gear Motor, Helical Gear Motor, Cam Index Device, Varitor Gear, Cycloidal Gear, Three Phase Electric Motor, and Brake Motor which are imported around the world.

We served our customers with artistic and modern design tiles that meet their demands and enhance their values in the architect and construction sectors. We build ideas, test them, and observe the required results to achieve things after fully understanding the needs of our customers.
